

# Avery Dennison® Window Films

## Bring glass doors, windows and screens to life

It's easier than you think to transform an office, retail or public space – changing both how it looks and how it functions. Easy to use Window Films from Avery Dennison provide many different design options. You can quickly decorate or redecorate glass doors, walls or partitions, with varying degrees of light intensity for maximum architectural and interior design flexibility

The result is rejuvenated offices, hotels, restaurants, shop floors, trade show areas and more. Most Avery Dennison Window Films are printable\* for ultimate visual customization, and films are of the highest quality so that application is fast and visually appealing.

### KEY FEATURES

- > Full design range, from brilliant visual effects to ultra-clear
- > Printable on all printer platforms\*
- > Ultra-clear high gloss printable option for image clarity and colour 'pop'
- > Customized colour matching for cast films
- > Cost-effective calendared films and 'short life' promotional films
- > Available with Avery Dennison® EasyApply™ adhesive technology

### KEY BENEFITS

- > Film performance and cost to match virtually any application
- > Rapidly transform internal spaces
- > Control light intensity, optimize style and improve privacy
- > Fast application – simple to use, cut & weed with EasyApply technology
- > Outstanding visual results using high quality premium films

### RECOMMENDED USES

- > Rejuvenate doors, walls and partitions
- > All kinds of commercial (and private) premises
- > Suitable for glass and other transparent/translucent materials
- > SF 100 Ultra Clear can be applied to entire windows

### NEW! SF 100 ULTRA CLEAR

The latest addition to the window films range is now in stock. You can print on chosen areas of SF 100 Ultra Clear polyester film and then apply it to entire windows. It allows you to add decorative elements without reducing clarity on unprinted areas, with less cutting and faster application. See the Avery Dennison website for a dedicated product overview and datasheets.

For more information, please contact your local sales representative.

\* The Avery Dennison Crystal, Dusted, Etched & Frosted Window Films are good candidates for screen and digital printing. However a print test prior to application is strongly recommended.
