BLACK PEARL[®] NC
BY MADICO

Introducing Black Pearl[®] Nano-Ceramic, Madico's newest automotive film for the most comfortable drive possible.

Black Pearl NC's advanced ceramic technology offers significant heat reduction by rejecting up to 87% of infrared rays. It blocks more than 99% of UV rays, protecting passengers and interiors from overexposure. The multiple shades available help to minimize annoying glare. Available with a Manufacturer's Lifetime No-Fade Warranty.

Black Pearl Nano-Ceramic Features:

Excellent infrared heat rejection with nano-ceramic technology

Rich black color

Metal-free construction won't interfere with wireless or satellite connections

Available in a wide range of shades to accommodate any driver's preference

Helps keep shattered glass together in the event of an accident

Durable, UV stable construction
